# Moving at the speed of business

DatasiteOne delivers simple, efficient project set up. From document load to onboarding users, deal rooms are ready to go faster than ever before. If you do need assistance, our global dedicated experts are available 24/7/365 via phone, email or chat with 14 languages spoken.

## Drag. Drop. Done.

Seamlessly upload folders and files (including zip files up to 50GB) while retaining structure with bulk move and renaming options.

## Manage Permissions

Cascade user and document permissions in real-time or scheduled in bulk at the project, folder and document level. Limited Site Admin permissions for Subject Matter Expert input.

## Invite Users

Copy and paste email addresses, select roles, and invitation language.

# Leading the way with simplicity

DatasiteOne was initially built with insight gleaned from 2,000 customer interviews and rigorous user testing. But that's only the beginning, as we continue to enhance the solution and iterate with new features and functionality such as redaction and integrated Q&A capabilities. We deliver these updates continuously and without downtime.

## Dashboard and Visual Analytics

Intelligent dashboard and deal KPI visualization tools with drill down capabilities for deeper analysis and exports for deal reporting.

## File and Folder Bulk Renaming

Organize file rooms via in-app change tools. Placeholders for file and folder names enables Admin and team collaboration.

## OCR & Search in 11 Languages

Deliver accurate search results regardless of the native document language.

The search interface displays a list of search results with columns for document ID, title, and date. A document preview is shown on the right, displaying text in a foreign language (likely Spanish) with a search bar and navigation controls. The preview includes a search bar with the text "SEARCH RESULTS" and a list of search results.

# Today's challenges are tomorrow's innovations

Our forward-looking roadmap plots new challenges facing our customers and how DatasiteOne shall bring innovative, supportive and user-friendly solutions to your desktop, tablet and phone. We are continuously discovering new ways to help you secure success.

## Intelligent Redaction

Control and secure your deal at the word level. Redact words, phrases, even phrases with punctuation as well as images. History retained for compliance. Un-redact when legal clears content.

**Integrated Q&A**  
Easy set-up of workflow, roles, categories. Import questions with Excel Import, and easily assign categories & priorities. Excel export for reporting and compliance.
